1 YEAR HEALTH GUARANTEE We at Skyview Puppies are committed to raising happy healthy puppies with all puppies being up to date on vaccinations and on a regular deworming schedule. All puppies are guaranteed for one year against any fatal or life altering diseases including severe hip dysplasia, kidney, heart, pancreas, spine and liver problems. Puppies going to new homes and unfamiliar surroundings do sometimes get stressed and can become sick with Coccidia , Giardia or kennel cough. These are not considered life threatening and are not covered under this guarantee. Any physical problem which is or could be the result of an injury is not covered under this guarantee. In order to validate this guarantee we require that the puppy is taken to a licensed veterinarian within 3 to 4 days after leaving our home. If it is determined by a licensed veterinarian and confirmed by a second veterinarian of Skyview Puppies choosing, that a life threatening genetic or congenital defect does exist within 1 year, the buyer will be eligible for a replacement puppy or a refund of original purchase price, only after the sick puppy has been returned to Skyview Puppies. Skyview Puppies is not responsible for any transporting costs. As the owner it is your requirement to keep your puppy updated on all vaccinations and on a regular deworming schedule. This guarantee is valid for 1 year after the birth date listed above to the original adopting family listed on this agreement. Skyview Puppies can be contacted anytime with questions.
