

## **Bringing Your New Puppy Home**

The following 10 tips will help you and your new best friend make the transition to their forever home a smooth and stress free event.

- 1- Puppy food - we feed Purina Pro Plan puppy food (chicken and rice)you are welcome to switch to food of your choice but we recommend doing it slowly.
- 2- Probiotic - we highly recommend Doc Roys probiotics for your puppies gut health and it helps with their immune system. Puppies do undergo a level of stress with transitioning and diarrhea can be an issue at times, we have found that a good probiotic can be very beneficial to healthy transition!
- 3- Pee Pads....Can be a valuable and effective option in creating a routine for your puppy's potty breaks.
- 4- Chewy Teething Toys...All puppies will chew on something and these toys will entertain them for hours.
- 5- Food and Water Dishes
- 6- Harness/collar/ leash
- 7- Treats...when training a puppy treats can be beneficial
- 8- Puppy Shampoo/ Ear Wash
- 9- Crate...Puppies safe place
- 10- Pet Bed
